

CONTAINERS

Garbage Cart

96-gallon roll cart

Weight limit

250 lbs.

**4 FEET MINIMUM
BETWEEN CONTAINERS
& OTHER OBJECTS**

**PLACE WITH ARROWS
TOWARDS THE STREET**

1. Place containers at least 4 feet away from other carts and objects at the curb with arrows toward the street.
2. Only Greater Greenville Sanitation (GGS) carts will be serviced. *Private containers not designed to be collected by GGS equipment will not be serviced.*
3. Lost, stolen, and/or extra carts are available for an additional charge.

COLLECTION SCHEDULE

- ❖ **Trash** Once-a-week
 - ❖ **Green Waste¹** Every week
 - ❖ **Holidays²** If holidays fall M, T, W, or TH then collection will occur on the day after your regular service day.
- All trash and green waste must be set out by 5:30 a.m. on your scheduled collection day/week.
 - Customers missed must call in by 2 p.m. of the next service day to ensure collection.
 - Please note that sometimes our timing of collection changes so please keep your container out until at least 5:00 p.m. to ensure service.
 - Carts should be removed from the curb within 48 hours after collection, unless they are in areas with HOAs and/or have specific regulations for when trash carts should be at the curb.
 - Please allow up to 7 business days for cart repairs, replacement, and delivery.
1. *Customers can expect delays during leaf season (Oct.-Feb) due to heavier than normal volume of green waste material set out for collection.*
 2. *Holidays include: New Year's Day, MLK day, Memorial day, Independence day, Labor day, Thanksgiving day, Christmas day.*

HOUSEHOLD GARBAGE

- All household garbage should be **BAGGED** and placed inside the container
- No items placed outside container will be picked up.
- Special collection for persons with disabilities available. Contact customer service for more information.

**Excess items outside the container due to clean-outs, evictions, will require a clean out dumpster. Contact customer service for more information. GGS reserves the right to charge for collection of items where quantities exceed the scope of normal collection.*

BULK WASTE (Must call office to schedule pick up)

Bulk waste includes:

- Mattresses and box springs
- Furniture
- Appliances (please remove doors)
- Plastic play sets, plastic houses, trampolines (please disassemble)
- Lawn mower (please remove all fluids and/or oils)
- BBQ Grill (remove tanks)

SPECIAL PREPARATION

- Needles/sharps (place in a rigid container and tape shut)
- Paint (mix with sand, saw dust or kitty litter and leave lid off)
- Carpet and Vinyl Flooring (cut into 5 ft. sections, rolled, and tied)

PROHIBITED MATERIAL

The following items will **NOT** be collected:

- Construction and demolition debris including concrete, brick, block, wood, asphalt, gypsum, drywall, salvaged building components, windows, etc.
- Ammunition and explosives
- Car/Marine Parts
- Tanks (propane, fuel)
- Lead acid batteries
- Radioactive items
- Bio-medical waste
- Cooking, heater, kerosene oils
- Automotive/Marine Fuels/Small Engine liquids, oils, fuels and/or filters
- Electronics (TVs, computers, gaming systems, cellular devices)
- Green Waste
- Tires
- Electronics

GREEN WASTE

Green waste includes: grass clippings, leaves, and branches.

Green waste should be separated into two piles:

PILE 1: Loose material like leaves and grass clippings

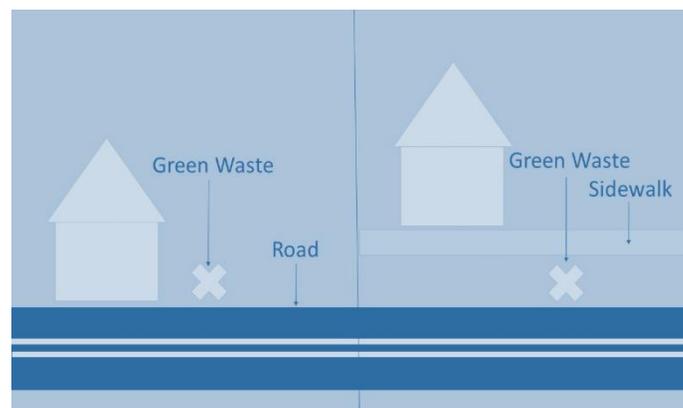

PILE 2: Woody waste like limbs and branches **NO LARGER THAN 6 FT. (LENGTH) / 6 IN. (DIAMETER)**

DO NOT

- Bag greenwaste
- Block sidewalks, drainage grates, or ditch.
- Place green waste near items that may be damaged and/or prevent collection such as vehicles, fences, mailboxes, telephone poles, low hanging trees, or power lines.
- Mix with household trash, construction and demolition material see prohibited material and/or soil.

PLACEMENT

CONSIDER ALTERNATIVES TO DISPOSAL...

- Compost! Composting is a natural process that turns organic matter into a dark, rich, and crumbly substance called humus, an excellent soil supplement.
- Use small branches as kindling.
- Mow high and regularly - spend less time on yard work and eliminate the chore of bagging. Clippings return nutrients to the soil that makes your lawn green and healthy and doesn't cause thatch.
- Select trees, shrubs, and grasses that thrive under local weather and soil conditions, or slow growing plants for less pruning and trimming.
